Crediting and caption information for "*Baltic Sea 3D Wrecksite Ontology*" pictures, entry ID 1174.

Crediting information is the same for all pictures – any one of the below may be used:

- © Maritime Archaeological Society of Finland (in English)
- © Suomen meriarkeologinen seura (in Finnish)
- © MAS.Fi (for short)

Captions for pictures referring to their number given by the awards-platform upon upload (the order of the upload) However, I just realized that the numbers are no longer visible at the application website. Hence I've added the link of the picture after the numbering i.e. number-link-caption

1. wp_20180903_17_41_47… Markku Luoto, Chairman of the Maritime Archaeological Society of Finland (MAS.Fi)
2. whatsapp_image_2020-… Research vessel DSV Maija in storm during MAS.Fi research expedition
3. img_20200703_183121…. Sediment samples taken from a wrecksite at Porkkala Wreck Park during MAS.Fi field work camp
4. nayte-kaira_0.jpg Coring sample inside a hollow drill bit for dendrochronological dating analysis from a wrecksite
5. img_20200629_103202…. Reserach team of MAS.Fi volunteers at survey task briefing on board
